

MILITARY PARACORD SURVIVAL BRACELETS

These military paracord survival bracelets are hand woven from military spec, 300-lb. paracord. Each bracelet offers strong ABS side-release buckles and fits wrists up to 7" in circumference. The bracelet can be unwound in survival situations to produce more than 9 feet of usable survival cord. It could be used for shelter building, splint building, spear lashing, building animal snares and many other tasks.

Shown in display package.
