# THE HOBBIT

THE BATTLE OF THE FIVE ARMIES

United® Cutlery has meticulously crafted officially licensed prop replicas of a variety of weapons from the The Hobbit Trilogy. New to this series are reproduction props from The Hobbit: The Battle of the Five Armies, the third film in The Hobbit Trilogy. The line will consist of signature icons, such as the Mirkwood Infantry Sword, the Black Arrow of Bard the Bowman, the Regal Sword of Thorin Oakenshield and the legendary Staff of Gandalf the Grey. Each collectible is precisely replicated from the actual film props created by world-renowned physical effects house Weta Workshop for the film. In bringing these weapons of Middle-earth into the real world, close attention to detail was a top priority, and no effort was spared to make these replicas as accurate and visually stunning as possible. Each meticulously crafted collectible includes a wall display and a certificate of authenticity.

## Short Bow of Legolas Greenleaf™

Legolas Greenleaf™ is the son of Thranduil, King of the Woodland Elves. Tall and lithe, he is a lethal fighter and fiercely loyal to his father and his people, often patrolling the forest alongside the Silvan Elves of the Woodland Guard. He is as skilled with the bow as he is with his twin Elven fighting knives. An expert archer, Legolas is fluent with both the long and short bow. When traversing the dense forests of Mirkwood he prefers to use the light and lethal short bow of the Mirkwood Guard.

The Mirkwood bow reflects the natural elegance and functional artistry of the Woodland Elves, with ornately carved, overlapping leaf shapes adorning the bowstring nock tips. Natural brown and green wood colors camouflage the bow, helping the Woodland Guard blend into their environment. Includes a replica of a lethal barbed Elven arrow, a favorite used by Legolas when dispatching Orcs in Mirkwood. It was designed to inflict maximum damage to the enemies of the Woodland Realm.

## Rivendell Elf Helm

Hidden in a valley east of the sea was the Last Homely House, Rivendell, abode to both Sindar and Noldor Elves, and its master, Lord Elrond™. Rivendell was an outpost against the rise of the dark powers of Middle-earth. It was protected by the Rivendell Guard, who were stationed at its gates and patrolled the outskirts of the valley. The high sophistication of the Elven race was evident in the armor and helm worn by the Guard. The ancient design of the armor had been perfected long ago, dating back to the Second Age when Elrond and the High Elves battled the forces of Sauron™ on Mount Orodruin. The helm, which has the appearance of being beaten out of a single sheet of steel, is a flowing, elegant design with a high-bladed crest adorned with Elven vines. As the creator of some of the most widely recognized knives in the industry today, Gil Hibben's knowledge and 50 years of experience are unprecedented in the world of custom knife making. He is the creator of the popular Rambo™ III bowie and Rambo™ IV machete, each specially made for the Sylvester Stallone films, and knives for other Hollywood productions and personalities, such as John Wayne, Elvis Presley, Steve McQueen, and Steven Seagal. He created the Klingon blades for the "Star Trek Experience" in Las Vegas, and he is the "Official Klingon Armourer" for Paramount Pictures.

Gil produced knives for our servicemen to use in Vietnam, and his first-hand experience as an Alaskan hunting guide, throwing knife expert, and sixth-degree black belt in Kenpo Karate have contributed to his creating some of the most popular knives of the 20th Century. Mr. Hibben was inducted into the Knife Throwers Hall of Fame in October 2003 for his many contributions to throwing knife designs.
